

Rosalyn Byrd is an anointed singer who began embracing Gospel Music during her preteen years. She grew up in a Christian family and gave her life to Christ at an early age. Roz, as she is affectionately known by her peers, was a very active youngster in her church, participating in Sunday School, the young Actors Guild, Sports Ministry and singing in the Choir.

Her first solo experience in a recording studio was given to her at the age of 16 by a young choir director named Dennis Byrd who is now her husband of 46 years. Since her first recording with the Toledo Angelic Choir entitled "The Lord Has Been Good", Roz has sang on nearly all her husband's music projects and stage plays over the years.

In 1989 she released a single with the Byrd Family Singers entitled "When Dr. King Came On The Scene" a Musical Tribute honoring the legacy of Dr. Martin Luther King and performed that song with the King Day Choir in Washington DC.

Roz is also an anointed speaker and a model First Lady, supporting her husband faithfully during his 46 years as a Senior Pastor.

Referred to by many as a "Power Couple", together they have raised five children and are spoiling nine grandchildren, with their newest addition just arriving on November 23, 2023.
